**NEW PART-TIME OPTION!
STONY BROOK UNIVERSITY DIETETIC INTERNSHIP PROGRAM
NEXT AVAILABILITY: APPLY IN WINTER 2009 FOR SUMMER 2009 START**

The Stony Brook Dietetic Internship is now offering a part-time option. Since 2007 the Internship can be completed part-time, within a two-year time frame. (This option is available every other year.) Up to two part-time interns every other academic year may be accepted in the Stony Brook Dietetic Internship Program. The application process for part-time candidates follows the same guidelines as the full-time applicants.

During this time period, part-time interns need to be engaged in Dietetic Internship activities for a minimum of 16 hours per week, except during approved vacations (less than 6 weeks a year). Part-time dietetic interns would be required to meet all requirements, competencies, and learning outcomes as detailed in the curriculum for full-time interns.

Please refer to Table I for detailed information regarding the time frame for completion of requirements by part-time interns. Part-time interns will be required to complete orientation, seminar, and two required classes in year one.

Table I: Major Completion Requirements to Earn a Verification Statement

Requirement	Timeframe
Orientation, 2 weeks	Required first year
Rotations <ul style="list-style-type: none"> ◆ In-patient clinical (330 hours) ◆ Out-patient clinical (150 hours) ◆ Long-term clinical (120 hours) ◆ Community (150 hours) ◆ Renal (60 hours) ◆ WIC (60 hours) ◆ Food Service, school (90 hours) ◆ Food Service, institutional (120 hours) ◆ Elective (60 hours) <i>For each rotation interns complete the following: required onsite hours, module, evaluations, and time sheets</i>	Completed within a 2 year time frame, including the possibility of placement in June, July and August
Seminar, may meet each Monday	Required first year
Coursework <ul style="list-style-type: none"> ◆ HAS 506 (summer session II) ◆ HAS 503 (fall semester – Monday afternoons) ◆ HAS 507 (spring semester – Monday afternoons) 	HAS 506 and HAS 503 required first year; HAS 507 required second year
Review Class for RD Exam	Required second year

Part-time interns will be required to pay the Dietetic Internship fee in full by early July of the first academic year. Part-time dietetic interns will pay tuition and University fees for required course work as they register for courses. Each academic year for which interns are scheduled for rotations, they will be required to pay professional liability insurance and student health insurance (if they cannot show proof of personal health insurance).
